Risk Disclosure Statement

Participation in Brethren Foundation Funds Inc. funds is subject to the same risks as any security: The value of a participating organization's account will fluctuate in response to many factors, including, but not limited to, changes in economic conditions, interest rates, and the securities market's perception of the particular securities in which a fund is invested. Additional risks are set forth in the most recent edition of the *Information Statement*.

There can be no assurance that a fund will achieve its investment objective since there is uncertainty in every investment. BFFI funds will be invested in public mutual funds, investment portfolios, bonds, stocks, and other securities that will go up and down in value. To the extent a BFFI fund is invested in public mutual funds and/or investment portfolios, the BFFI fund will bear the investment management fees and other expenses of such funds or investment portfolios.

Some investment options offered by Brethren Foundation Funds Inc. may be more volatile than others, and a substantial portion of the invested assets could be lost. Furthermore, investment options with higher fees may offset an investor's profits or enhance losses. Accordingly, as you determine which investment options to use, a participating organization should consider only holding a very small portion (between 0 and 10 percent) of such investment options in the organization's portfolio.

Only organizations prepared to tolerate possibly substantial fluctuations in the value of their accounts brought about by rising and declining stock or bond prices and other investment risks should contemplate participating in BFFI funds.

A copy of the most recent *Information Statement* was provided to the primary contact for every participating organization, and additional copies are available upon request. The *Information Statement* encourages participating organizations to request prospectuses for the applicable investment options. All of this information and input from your organization's trusted advisers should be reviewed carefully before making specific investment decisions.

By signing this form on the other side, I affirm that our organization has been provided the most recent edition of Brethren Foundation Funds Inc.'s *Information Statement*, and that we have read it. I also affirm that we are aware of Brethren Foundation Funds Inc.'s recommendation to request and review prospectuses as applicable and to seek input from our organization's trusted advisers. I further affirm that we have been cautioned regarding the amount of assets to be placed in more volatile or higher fee investment options.
